Professional Summary

Motivated **second-year Computer Science student** specializing in **Artificial Intelligence**, with hands-on experience as a **Research Analyst Intern** and exposure to real-world **business environments** through **internships** and active **family business involvement**. Proficient in **Python, C, and Java**, with practical knowledge of **MySQL, Data Structures and Algorithms (DSA)**, & tools like **CorelDRAW & Canva**. Developed multiple **AI-driven & automation-based projects**, showcasing strong **problem-solving & innovation** skills. **Certified in Digital Marketing, Python, Data Analytics**, and **Soft Skills** by reputed platforms like **Google, CISCO, and NPTEL**. Known for being a **fast learner**, effective **communicator**, and dependable **team player** with a strong **attention to detail** and a **proactive mindset**.

Work Experience

- **Research Analyst Intern at Nebulyn, Ghaziabad** (Oct 2024 – Apr 2025)
 - Conducted comprehensive competitor and industry research to identify emerging trends, analyze market positioning, and provide actionable insights for strategic planning.
 - Collected, interpreted, and reported data findings from multiple sources, delivering detailed analyses to support Nebulyn's business objectives and decision-making processes.
- **Internship at Medipol Pharmaceuticals Pvt. Ltd., Noida** (Aug 2023 – Sep 2023)
 - Completed a 5-week internship at Medipol Pharmaceuticals, gaining experience in tender filing, order tracking, and preparation procedures to learn practical industrial working style.
 - Enhanced skills in CorelDRAW software under expert mentorship, demonstrating commitment to learning and adaptability.
- **Active Participation in Family Business** (Apr 2023 – Aug 2023)
 - Created detailed Excel spreadsheets for pricing calculations, incorporating delivery charges, amounts, commission percentages, and distance to transition the company to e-commerce with accuracy.
 - Demonstrated proficiency in handling data, managing inventory, and using Excel for practical business applications.

Education

- **ABES Institute of Technology, Ghaziabad – 201009 (Pursuing)**
Bachelors of Technology, Computer Science & Engineering, Specialization in Artificial Intelligence
Abdul Kalam Technical University (AKTU – formerly UPTU)
CGPA: 8.41/10
- **Bhai Parmanand Vidya Mandir School, Delhi – 110092**
Intermediate: PCM with Computer Science in CBSE Board
Cleared with 76.2% in 2023
- **New Oxford Public School, Delhi – 110091**
Secondary education: Home Subjects in CBSE Board
Cleared with 91.0% in 2021

Technical Skills

- **Programming Languages:** Python, C and Java
- **Database Management:** MySQL, SQL, SQLite
- **DSA:** Strong foundation in Data Structures and Algorithms
- **Design Tools:** Canva, Adobe Express, CorelDraw (Basic)
- **Version Control:** Git
- **Productivity:** Office 365 (Excel, Word, PowerPoint)

Projects

- **[HandScope - AI Based System Control using Hand Gestures \(Python, MediaPipe, OpenCV\)](#)**
Developed a hand gesture-based system using Python, MediaPipe, and OpenCV for volume control, mute/unmute, system locking, screenshot capture, application launching, desktop switching, and voice message playback through computer vision.
- **[Telegram Bot Bill Generator & Stock Manager \(Python, MySQL\)](#)**
Developed a Python Telegram bot, streamlining bill generation and stock management through integration with MySQL. Enhanced operational efficiency by automating key processes.

- [MySQL Database Backup Generator \(Python, MySQL\)](#)

Developed a Python tool automating text-based MySQL database backups. Simplified data preservation and restoration for improved data integrity.

- **Various Small Computation and Management Projects**

*Developed diverse computational solutions, showcasing versatility and innovation in addressing complex challenges – including **Late Comers Management, Text Encrypter – Decrypter, Data Formatting Libraries**. Also explored popular libraries such as **Pandas, NumPy**.*

Certifications

- The Fundamentals of Digital Marketing - Google
- Biometrics online course offered by NPTEL - TCS iON
- Master Data Management for Beginners - TCS iON
- Elements of AI - Minna Learn
- The Joy of Computing using Python – NPTEL
- Developing Soft Skills & Personality – NPTEL
- Python Essentials 1 – CISCO Networking
- Data Science for Engineers – NPTEL
- Data Analytics with Python – NPTEL

Other Details

- **Position of Responsibility:** Elected as **Class Representative**, enhancing & depicting leadership & communication Skills
- **Typing Speed:** 50 WPM+ with 98%+ Accuracy
- **Languages Known:** Hindi (Native), English(Working Proficiency)
- **Soft Skills:** Attention to detail, Communication, Problem Solving, Critical Thinking, Adaptability, Quick Learning
